

**NEW!**

## MAXIMUM Performance!

### 4 Cutter Carbide Tip

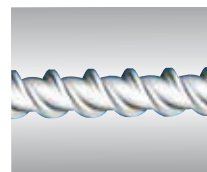

- Unsurpassed durability and very fast drilling speed
- Optimum drilling performance in reinforced concrete
- Centre Tip allows straight forward drilling with pin-point accuracy

### Reinforced 4 Flute Spindle

- 4 large high volume flutes for fast drill dust removal
- Optimised flute diameter for faster drilling and lower vibration
- Higher drill bit strength - greater stability and quieter drilling

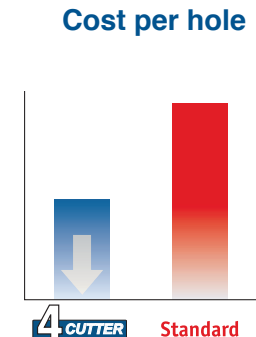

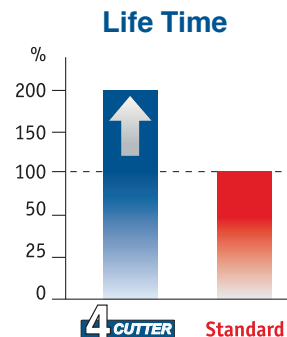

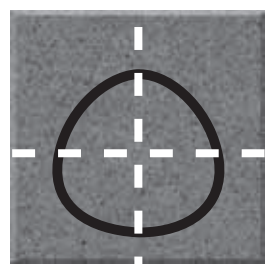

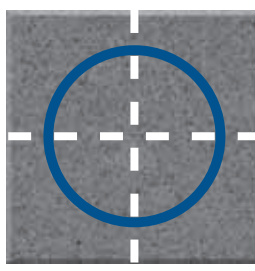

### Symmetrical Cutting Edges

- Precise and round drilling holes for increased anchor performance
- Optimised cutting edge design for reduced wear and longer life
- Reduces binding when hitting reinforcement bars in concrete

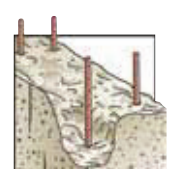

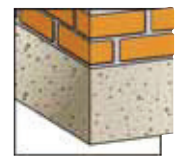

### SDS-Max Drill Bits Ø 16-52mm **SDS MAX 4-CUTTER**

German Tec SDS Max 4 Cutter Drill Bits provide up to double the life time of standard drill bits and help to significantly reduce the drilling cost per hole.

### SDS-Max Drill Bits Ø 12-14mm **SDS MAX 2-CUTTER**

Ø mm	Total Length (A) mm	Working Length (B) mm	Part No.	Barcode	Info
12	340	200	SM120340	9343605001081	
12	540	400	SM120540	9343605001098	x
12	690	550	SM120690	9343605001104	x
14	340	200	SM140340	9343605001111	
14	540	400	SM140540	9343605001128	x

x = recommended to pre-drill with a shorter bit of the same diameter
